

Giant Floor Map of Massachusetts Available!

Massachusetts has a traveling Giant State Floor Map of Massachusetts for use in the classroom. Workshops have been held at Elms College and at Bridgewater for teachers to become familiar with the map and lessons to use. Those teachers (more than 30) who took the workshop have free use of the map for their school. More workshops are planned. For information, contact Arlene Kowal at arlene.kowal@elms.edu or Vernon Domingo at vdomingo@bridgew.edu.

This is not a map of MA, but will provide you with an idea of what is available!
